# WHO WE ARE AND WHAT WE DO

TMA International is a marketing and events management company driven to deliver new opportunities and exciting events worldwide.

With over 20 years' experience, our aim is to provide event creation, management, marketing and consultancy solutions.

TMA International prides itself in organising excellent events for clients, with a vision to give our customers nothing but the best. We have the ability and global network to organise any hospitality or event package.

**Megan**  
Marketing Manager

"The highlight of my role is receiving great client feedback. Knowing clients have had an amazing experience, and for some a once in a lifetime experience, this really makes my day.

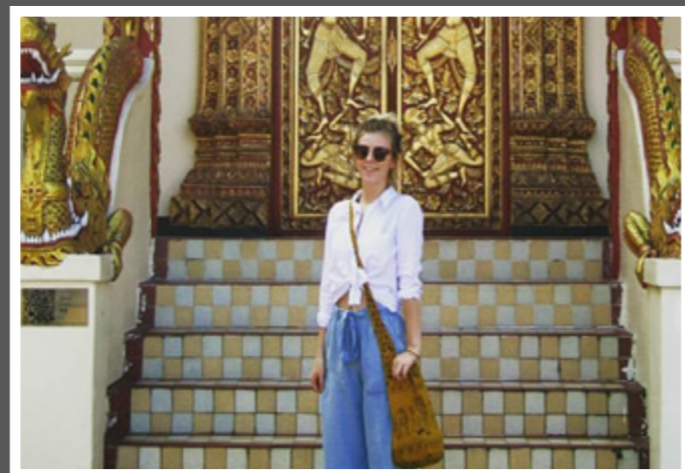

For any event there is a lot of hard work and hours behind the scenes: planning, booking, arranging, preparing, designing, helping, organising and communicating.

When TMA or myself, personally, get a good review, it doesn't feel like hard work and it makes every effort worthwhile."

**Hannah**  
Events Manager

"I have been very fortunate to have travelled for over 5 years now and so being able to create the most memorable and magical experiences all over the world really makes my job a dream come true!

From helping our clients think of new and exciting destination ideas to witnessing them have the time of their lives at a New York Knicks Game in Madison Square Garden, makes all the hard work of planning and organising the event really rewarding!"
